Brevard County  
City of Cocoa Beach Reclaimed Water ASR  
Class V Injection Well System

## NOTICE OF DRAFT PERMIT

The Department of Environmental Protection hereby gives notice that a Draft Permit has been developed for the proposed project as detailed in the application specified above, for the reasons stated below.

The applicant, Darby Blanchard, Director, City of Cocoa Beach Utilities, applied on August 17, 2010 to the Department of Environmental Protection for a construction permit to construct one Class V, Group Seven, Reclaimed Water Aquifer Storage and Recovery (ASR) injection well system and associated monitoring system.

The Department has permitting jurisdiction under chapter 403 of the Florida Statutes, and Chapters 62-4, 62-520, 62-521, 62-528 and 62-550 of the Florida Administrative Code. The project is not exempt from permitting procedures. The Department has determined that a construction permit is required for the proposed work.

Pursuant to section 403.815 of the Florida Statutes, and Rule 62-110.106 (7) of the Florida Administrative Code, you (the applicant) are required to publish at your own expense the enclosed Notice of Draft Permit. The Notice must be published one time only within 30 days, in the legal ad section of a newspaper of general circulation in the area affected. For the purpose of this rule, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031 of the Florida Statutes, in the county where the activity is to take place.

The applicant shall provide proof of publication to the Orlando Central District Office of the Department within seven days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit.

The Department will accept public comment concerning this proposed permit action for a minimum of 30 days following publication of this Notice. A public meeting must be held in the area of the well no less than 30 days after publication of this Notice for the purpose of receiving verbal and written comment concerning this project. The Department, in formulating a final decision concerning this project, will consider comments received within the 30-day period and during the public meeting. A location, date and time for the public meeting must be arranged prior to publication of this Notice. Please contact Duane Watroba at (407) 894-7555 to arrange for the public meeting.

Executed in Orlando, Florida.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

**NOTICE OF DRAFT PERMIT**

The Department of Environmental Protection gives notice that a Draft Permit has been prepared for Darby Blanchard, Director, CCB Utilities, 1600 Minutemen Causeway, Cocoa Beach, Florida 32931-0000, to construct one Class V, Group Seven Aquifer Storage and Recovery (ASR) injection well system for the storage and recovery of reclaimed water in the Floridan aquifer provided that the system has been successfully completed and tested to the satisfaction of the Department. The project is located at the City of Cocoa Beach High School and Middle School, Tom Warriner Boulevard, City of Cocoa Beach, Brevard County, Florida (File No. 05-0224301-002).

The purpose of the project is to store and recover reclaimed water in the Floridan aquifer in order to meet reclaimed water demands.

The Department has permitting jurisdiction under Chapter 403 of the Florida Statutes, and Chapters 62-4, 62-520, 62-521, 62-528 and 62-550 of the Florida Administrative Code. The project is not exempt from permitting procedures. The Department has determined that a construction permit is required for the proposed work.

All persons interested in the foregoing permitting decision are invited to attend a public meeting that will be held at \_\_\_\_\_, Florida on \_\_\_\_\_, 2011 at \_\_\_\_\_, and may submit written comments to the Department of Environmental Protection, 3319 Maguire Boulevard, Suite 232, Orlando, Florida 32803-3767 up until the close of the public meeting. All comments received within the 30-day period will be considered in formulation of the Department's final decision regarding permit issuance.

The application, draft permit, and fact sheet are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at Department of Environmental Protection, Central District, 3319 Maguire Boulevard, Suite 232, Orlando, Florida 32803-3767. Additional information concerning this project may be obtained by contacting Duane Watroba at (407) 894-7555.
